## Perfection

By William Martin

Excerpt from The Parent's Tao Te Ching

If you expect to have perfect children  
you will be constantly disappointed  
and your children  
constantly frustrated.  
If you realize that your children  
are perfectly themselves  
in every moment,  
you and your children  
will be at peace.

Step back and watch.  
You will see that Life  
naturally perfects Itself.
